Value • Service • Selection

Our Family

As a family-owned company, Pool and Spa Depot embraces traditional values and places our customers first. We shop the world and bring the best products to our customers. We provide the best selection of swimming pools, equipment, water treatment products, spas, saunas, gaming and leisure related products.

When Peter and Sandra von Hopffgarten moved to Nashville from England in 1989, they had a vision for Pool and Spa Depot. They wanted to provide the best customer

service, quality brand names, selection of swimming pools, spas and other recreational products.

Pool and Spa Depot was founded in 1995 by Peter, Sandra, and Benno von Hopffgarten (Peter's father). The original location was a storefront on Antioch Pike in Nashville. After only three years in business, Pool and Spa Depot was recognized as one of the fastest growing companies in the recreation industry.

In 2002, Pool and Spa Depot expanded by opening a retail store in Cookeville, TN. The next expansion came shortly after in 2004 when the Bowling Green, KY retail store was opened.

In September of 2012, Pool and Spa Depot relocated to it's new location in Brentwood which showcases Tennessee's best selection for in-ground and above-ground pools, spas, saunas, patio furniture and hardscape options. In the spring of 2015, a brand new state-of-the-art facility in Clarksville

was opened.

During the beginning of 2017, Pool and Spa Depot's headquarters was established. The Pool and Spa Depot Express and headquarters encompasses a small retail location, business offices, construction department, service department and main warehouses. The success of Pool and Spa Depot has come through hard work, long hours, and recruiting the best and most experienced personnel in the Middle Tennessee area.

“On behalf of my family, I would like to extend our sincerest thank you for choosing Pool & Spa Depot. If there is anything I can do to improve your experience, please contact me directly at 615-405-0522 or email me at pvhpool@gmail.com.”

Sincerely,

Peter von Hopffgarten

Above Ground Endlessly Innovative

For the family on a budget, above-ground pools are an excellent choice. Available in sizes up to 33 feet in diameter, the latest above-ground pools look great and last for years. At Pool and Spa Depot, we research and shop all manufacturers each year to make sure we have the best products at the lowest prices to offer our customers. Have questions about pool maintenance? We can help with that too! Our water professionals boost their knowledge annually by attending schools that focus on carefree water care at the best price.

The American Dream for Your Backyard

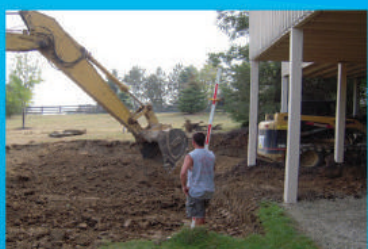

Round and oval above ground pools offer the most swimming area for your money. These pools are installed using the most up-to-date Pool and Spa Depot construction techniques. For the family who wants to swim, play and relax – without all the fancy “extras” – this is the pool for you. With many different round and oval sizes available, it's an economical option that allows you to see your family's above ground pool dreams come true.

Functional Backyard Style...

Yes, it is possible to have a quality in-ground pool without breaking your budget.

With the "Pool and Spa Depot Advantage," we can create a pool that works for you, without sacrificing strength or style. Maybe space is an issue for your backyard, yet an in-ground pool is your dream. Smaller patio pools can be functional and chic.

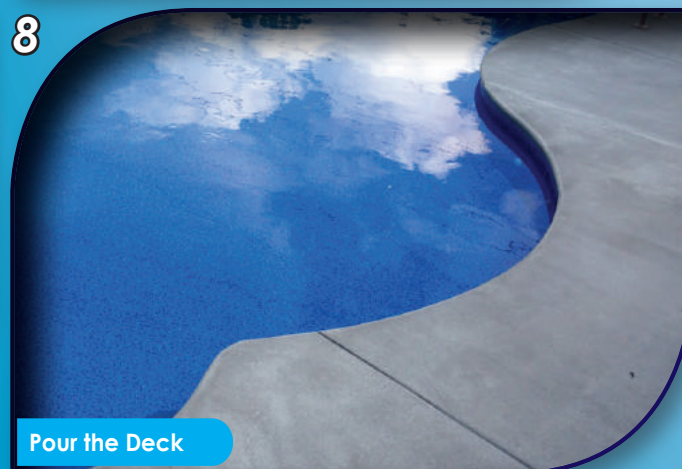

Steel Wall Construction

Sturdy and Dependable

Pool and Spa Depot is pleased to offer an extensive range of steel wall vinyl liner pools. These distinctive swimming pools are factory-engineered, steel wall panels that are made of corrosion-resistant galvanized steel with unparalleled strength. Sturdy, heavy gauge galvanized steel braces around the entire pool provide solid support for pool walls. There are many shapes and size combinations that allow you to customize the look of your new pool to match your needs and design ideas.

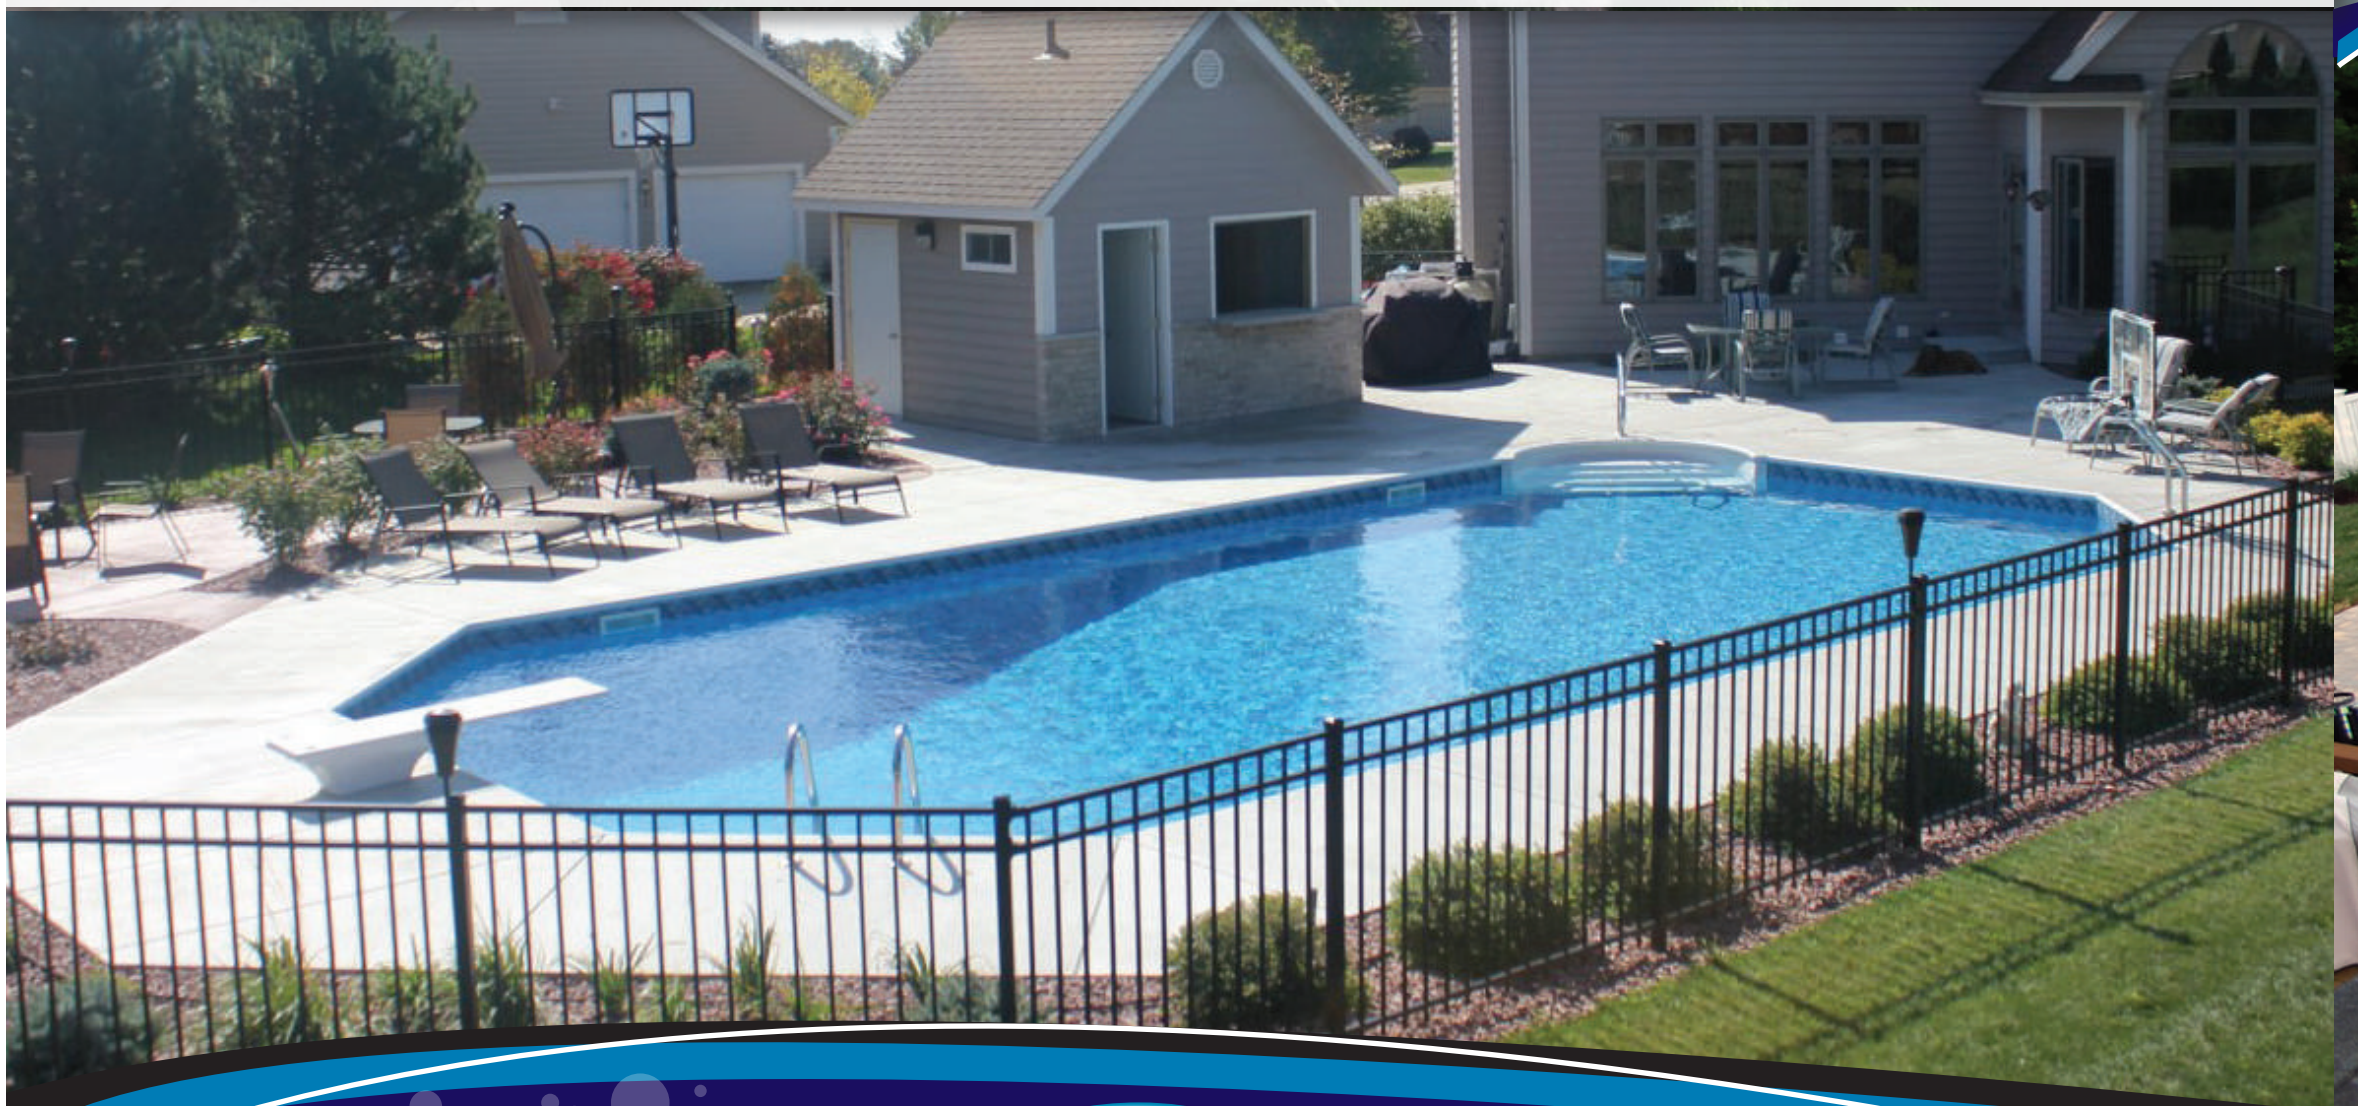

Steel Wall Grecians and Rectangles

Beauty and Value

When choosing a pool, consider the benefits of a vinyl liner pool. Vinyl pools have a custom sheet of vinyl between the water and the steel wall. They are less expensive and easy to maintain.

Changing the visual effect of your pool is always a possibility with an updated liner.

Affordability and Quality

Steel Wall Deer Creek

Traditional, Yet Polished

For our customers who envision a traditional vinyl pool with custom accessories, we offer upgrades such as custom coping, decking, fountains and jets. Our most popular pool maintenance systems are automatic cleaners and chlorine generators.

Trust Pool and Spa Depot to help you design a polished, personal and maintenance-free retreat for your family.

Affordable Freeforms

Traditional Becomes Amazing!

Concrete Wall Construction

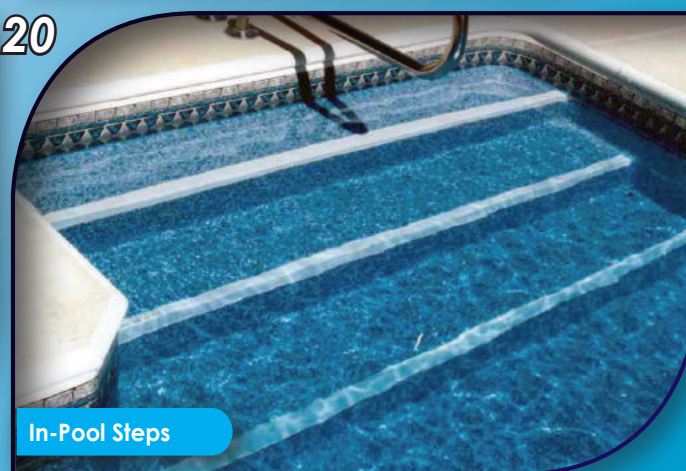

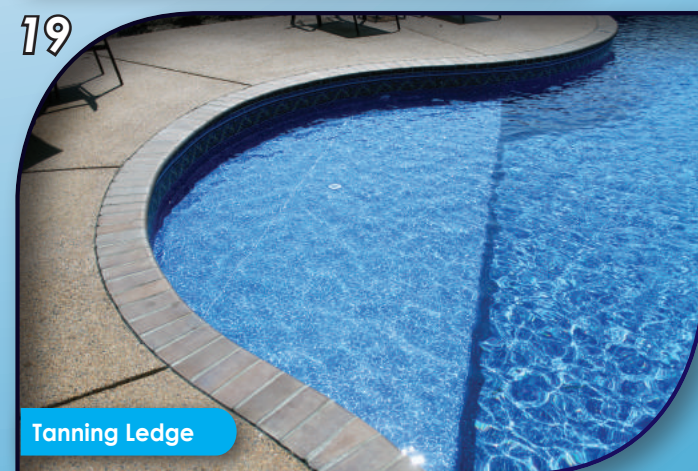

Affordable, Durable, Strongest

What makes a Pool and Spa Depot in-ground pool the best choice?

First, we use the Aqua Form system to create custom, ten-inch thick concrete walls as the foundation for our vinyl pools. This allows every client to benefit from the strength of a concrete pool while having the option for the ease and affordability of a vinyl liner. Concrete walls are durable and salt-compatible, without the possibility of rust. Pool and Spa Depot creates custom steps, spas, benches, tanning ledges, swim-outs, retaining walls, fire pits and more, so your backyard pool design options are endless.

Finally... A Vinyl Liner Pool With Gunitite Features!

Concrete Wall Rectangles

Contemporary and Always Stylish

A rectangular inground pool is the backyard classic. Pool and Spa Depot's concrete wall pools continue to be our most popular choice among families. The straight concrete wall is extremely durable, strong and affordable.

Forget about expensive vacations-create a staycation that your whole family will enjoy!

Classic Pools with Contemporary Flair

Concrete Straight Wall

Advantage in Size.....

The best vinyl liner pool construction available! Pool and Spa Depot's concrete wall pools continue to be our most popular choice among families. The major benefit of an L shaped pool is the capability of clear distinction from shallow end to deep end. You can use one leg of the L for your shallow end, which is ideal for water volleyball and water basketball. The other leg of the L could be used for your deep end diving board and lap pool experience.

Family Fun In Your Own Back Yard

Concrete Wall Free Forms

Innovation and Freedom...

Pictures can spark the imagination and help you start the pool designing process in your mind, but nothing beats being able to touch and see real pools! That's why Pool and Spa Depot features over 27 display pools at our four locations. This allows you to imagine your own finished pool. Display pools also help customers brainstorm about questions and ideas they may have – from the latest in innovation, to automation and pool maintenance. Visit one of our four locations to learn more!

Shapely Pools With Stunning Results

Concrete Wall Deer Creeks

Premium Outdoor Living for Busy Families...

For years, a backyard pool has been a place for neighborhood families to splash and play during the summer. But as we visit with pool customers, we are discovering that many families today aren't looking for just a premium pool. Many want to create an outdoor family living area – and extension of their home. The design team at Pool and Spa Depot can help you design a spring and summer retreat that evolves into a cozy, outdoor den during the cooler months. A Pool and Spa Depot pool is just the beginning.

Classic Pools With Contemporary Flair

Concrete Wall Laguna Beach

Turn Your Backyard into a Stay-cation Destination!

The decision to include a pool into your lifestyle is one of the most important buying decisions of your life. Not only does it increase the beauty of your home, but it also provides a great form of all around exercise, relaxation and an excellent setting for entertaining family and friends. Choosing the right swimming pool company is just as essential.

Special Features - Traditional Becomes Amazing

One Piece Fiberglass Pools

Your Pool project begins with a careful inspection of the swimming pool shell mold. The mold is prepped and your interior finish is applied. This surface called gel-coat is especially formulated to our standards for your best choice of any interior pool surface. The pool bottom and steps have built-in slip resistance. The third step in production is to encapsulate this new finish with a modified epoxy barrier coat. This barrier coat protects the pool finish from moisture, provides strength for the surface as well as increases elasticity (flexibility) of the pool shell. The fourth process involves using hand laid layers of composite materials to add the bulk of the laminate. Our process creates one of the industries toughest pools. Your new Fiberglass Pool won't need a belly band or spreader bar (brace) across the pool when installed, as compared to other brands of Fiberglass Pools.

Spill Over Spas

My husband and I bought a foreclosed home in November. We were excited about the large yard it came with, but it was in AWFUL shape. We wanted to install an inground pool and make it beautiful again, but we were very hesitant to go to a pool store. They typically have a bad reputation for being pushy with their sales. Man, I can tell you that this hesitancy was diminished about 5 minutes after I walked into their door! This is not a store that pushes its products and or salesmen. They truly care about your wants. All of the staff are true pool experts! From helping us design our dream pool to the AMAZING end result and chemical knowledge, they far exceeded our expectations. I've been back three times since my initial visit and will always come to Pool & Spa Depot for any of my pool's needs. This business is superior to any of their competitors and their staff are true gems!

Leigh D.
Nashville, TN

A spill-over spa creates the best of both worlds. Relax in the warm therapeutic water of your spa, while your family and friends swim beside you. By adding a spill-over spa, you can truly demonstrate the beauty of water. With energy efficient pumps and controls, caring for this amazing add-on spa is so easy!

Luxury That's Built to Last

Any size, any shape, any feature – those are just a few of the advantages of gunite. Pool and Spa Depot's gunite pools are designed and built on site, reinforced with steel, and require very little maintenance. Ask one of our pool professionals to see if a Pool and Spa Depot gunite pool is right for you!

Gunite Pools

Creating Family Memories...

Remember the summers you spent at a neighborhood pool? Maybe your family's home was everyone's summer destination because you had a pool. Some of our fondest childhood memories are centered around water, and now is the chance to create your own family memories. We often hear "I used to see my grand kids once a month – now I see them all summer!" and "As our kids got older, it was hard to keep up with where they were in the summer," from our customers. Now we hear, "They're at home, and their friends are here, too."

Take your pool dreams to the next level by choosing a gunite pool design from Pool and Spa Depot.

Endless Possibilities

Gunite Pools

Paradise Found...

As the cost of traveling continues to rise, more and more homeowners are choosing to invest their vacation money into their own backyard. Being able to “staycation” with your family at your own custom pool can be a great stress reliever. No packing, no dirty laundry, and no more “Are we there yet?” Paradise is only a few short steps away from your back door when you select from our many custom water features available for your new Pool and Spa Depot Pool.

Custom Designs and Vanishing Edge Pools are Just Breathtaking

Gunite Pools

Indulge Yourself – Your Private Oasis Awaits...

Our gunite pools are so popular because they offer extravagant options including flush or raised spas, grottos, beach entrances, zero-gravity entrances, and raised beams. Interior finishes include colored plasters, rock textures, pebble surfaces, and polished glass. Underwater lighting and in-floor cleaning systems are also offered.

Water Features

Takes your Pool Beyond the Ordinary

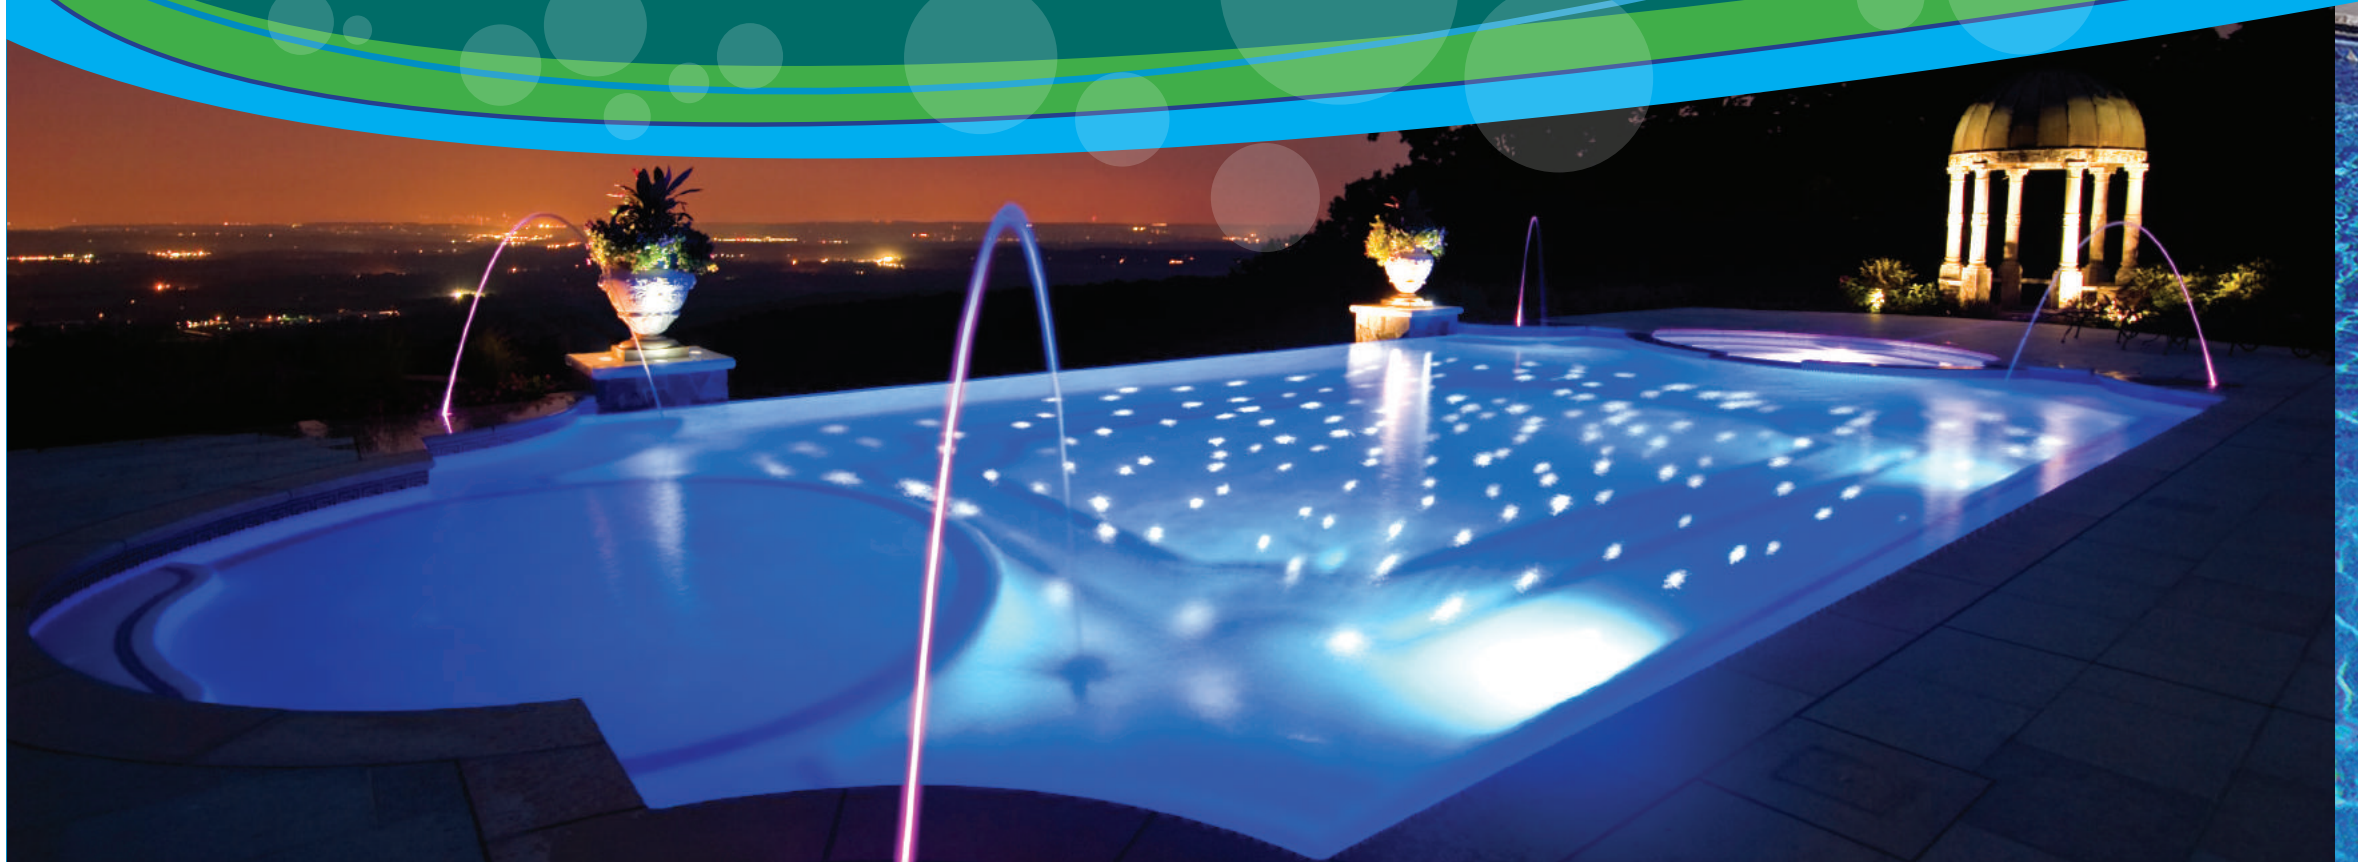

Adding a water feature to your new swimming pool design will add drama and excitement to your pool. Your choice of water features is only restricted by your personal preference and imagination. You have many choices when deciding on water features. Some are; luxury fountains, rock waterfalls, grottos, gushers, sheer descents, caves and cave slides.

Allow Your Pool to Sparkle with Its Own Personality

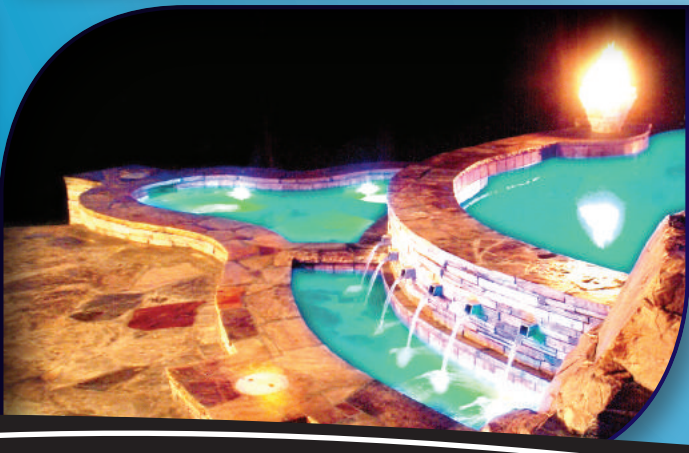

Pool Lighting

Evening Ambiance...

Whether you enjoy an evening swim, or just the ability to wind down next to your pool, lighting is an option we encourage our customers to consider. White LED lights provide a traditional glow, while multi-color lighting can provide inspirational hues or groovy light shows. With an automated system from Pool and Spa Depot, just sit back and enjoy. You can set them and forget them.

Pool Decking

Flagstone

The Beauty of Concrete....

The type of decking that you choose will determine the overall look and feel of your backyard. With so many swimming pool deck options these days, like Broom Finished, Colored, Stamped, Pavers and Flagstone the pool deck and patio areas surrounding your swimming pool involve some careful planning so at Pool and Spa Depot we have samples you can see for yourself right in our showroom.

Dive Into Summer Fun

Prodigy Board

Our salt-friendly jump board is a customer favorite and one of our best sellers. The board is fiberglass with an acrylic base; the set is available in white or tan and with 6' or 8' boards. It is easily convertible to the waterfall model.

Pool and Spa Depot Classic

For our customers who want salt-compatibility in a spring board, this system is a fit. It is available in white or tan, and accommodates 6' and 8' fiberglass boards. It also converts to a waterfall model.

Make A Splash In Your New Pool

Niagara

Stands 8'7" to top of handrails. Weight limit: 275 pounds. Available in sand or gray, in right or left turn. Rushing water and water park thrills in your own backyard! This slide has sturdy, molded-in handrails and an enclosed ladder.

Victoria

Stands 7'4" to top of handrails. Weight limit: 275 pounds. Available in sand or gray, in right or left turn. With the same features as the Niagara, this smaller version features a rapid water system for a splashing fun ride!

Blitz

Stands 6'5" tall at seating area. Weight limit: 250 pounds. Available in white, tan or blue acrylic; right or left turn. Stainless steel rails and legs. Steps are fully enclosed for safety.

Equipment

Energy efficiency for your backyard environment...

What if the technology behind your pool products could provide worry-free, low maintenance, crystal clear water that's just the right temperature, while saving energy and ultimately lowering your costs? Pool and Spa Depots Energy Solutions line is without a doubt the technology for the job! Our products save energy, water, run quietly, and reduce operation costs that helps protect our planet for future generations.

Variable Speed Pool Pump

- Patented, high efficiency, variable speed pump saves on energy costs – up to 90% on energy costs!
 - Near silent operation
 - Universal "Title 20" replacement pump
 - Environmentally friendly - save up to one ton of CO2 emissions per year
 - Automatically disinfects and sanitizes pool and spa water
- Universal Pump base for ease of installation

Salt System

- Automatically disinfects and sanitizes pool and spa water
- Self-cleaning and low maintenance
- Designed for tough conditions
- Affordable, robust and reliable

UV Sanitation

- T8 double ended bulbs
- High quality quartz sleeves
- IP Rating of IPX5
- All new design
- Low energy intelligent electronic ballasts
- Ballast located in a fully water tight cover
- Components rated for high pressure use (9 bar)

Energy Efficiency Runs in the Family

Gas Heater

- High capacity for fast heat up
- Energy Efficient
- Pre mixed combustion for low emissions
- Heating on demand
- Reduced operating cost

Heat Pump

- State of the art technology. The AquaComfort XL Series is the result of over 25 years of continued innovation in swimming pool heat pumps.
- Low temperature performance means 30-40% more heat when you need it most.
- Produces heat at 40 degrees when the competition doesn't even turn on until 50 or 55 degrees.
- Good for the planet. No combustible by-products.
- Built better to last longer.
- Optiflex.

Cartridge Filter

- Reduced cleaning and maintenance.
- Save up to 12,000 litres (3,250 US gallons) of water per year.
- Reduced power consumption.
- High strength long life filter tank.
- Oil filled long life pressure gauge for accurate reading.
- Choice of two outlet ports for simplified installation.

Automation

- Use a smartphone, computer, mobile digital device, AppleWatch® wrist wearable device or Amazon Echo™ to control pool functions from practically anywhere.
- Remotely manage using the ScreenLogic2 Interface Application.

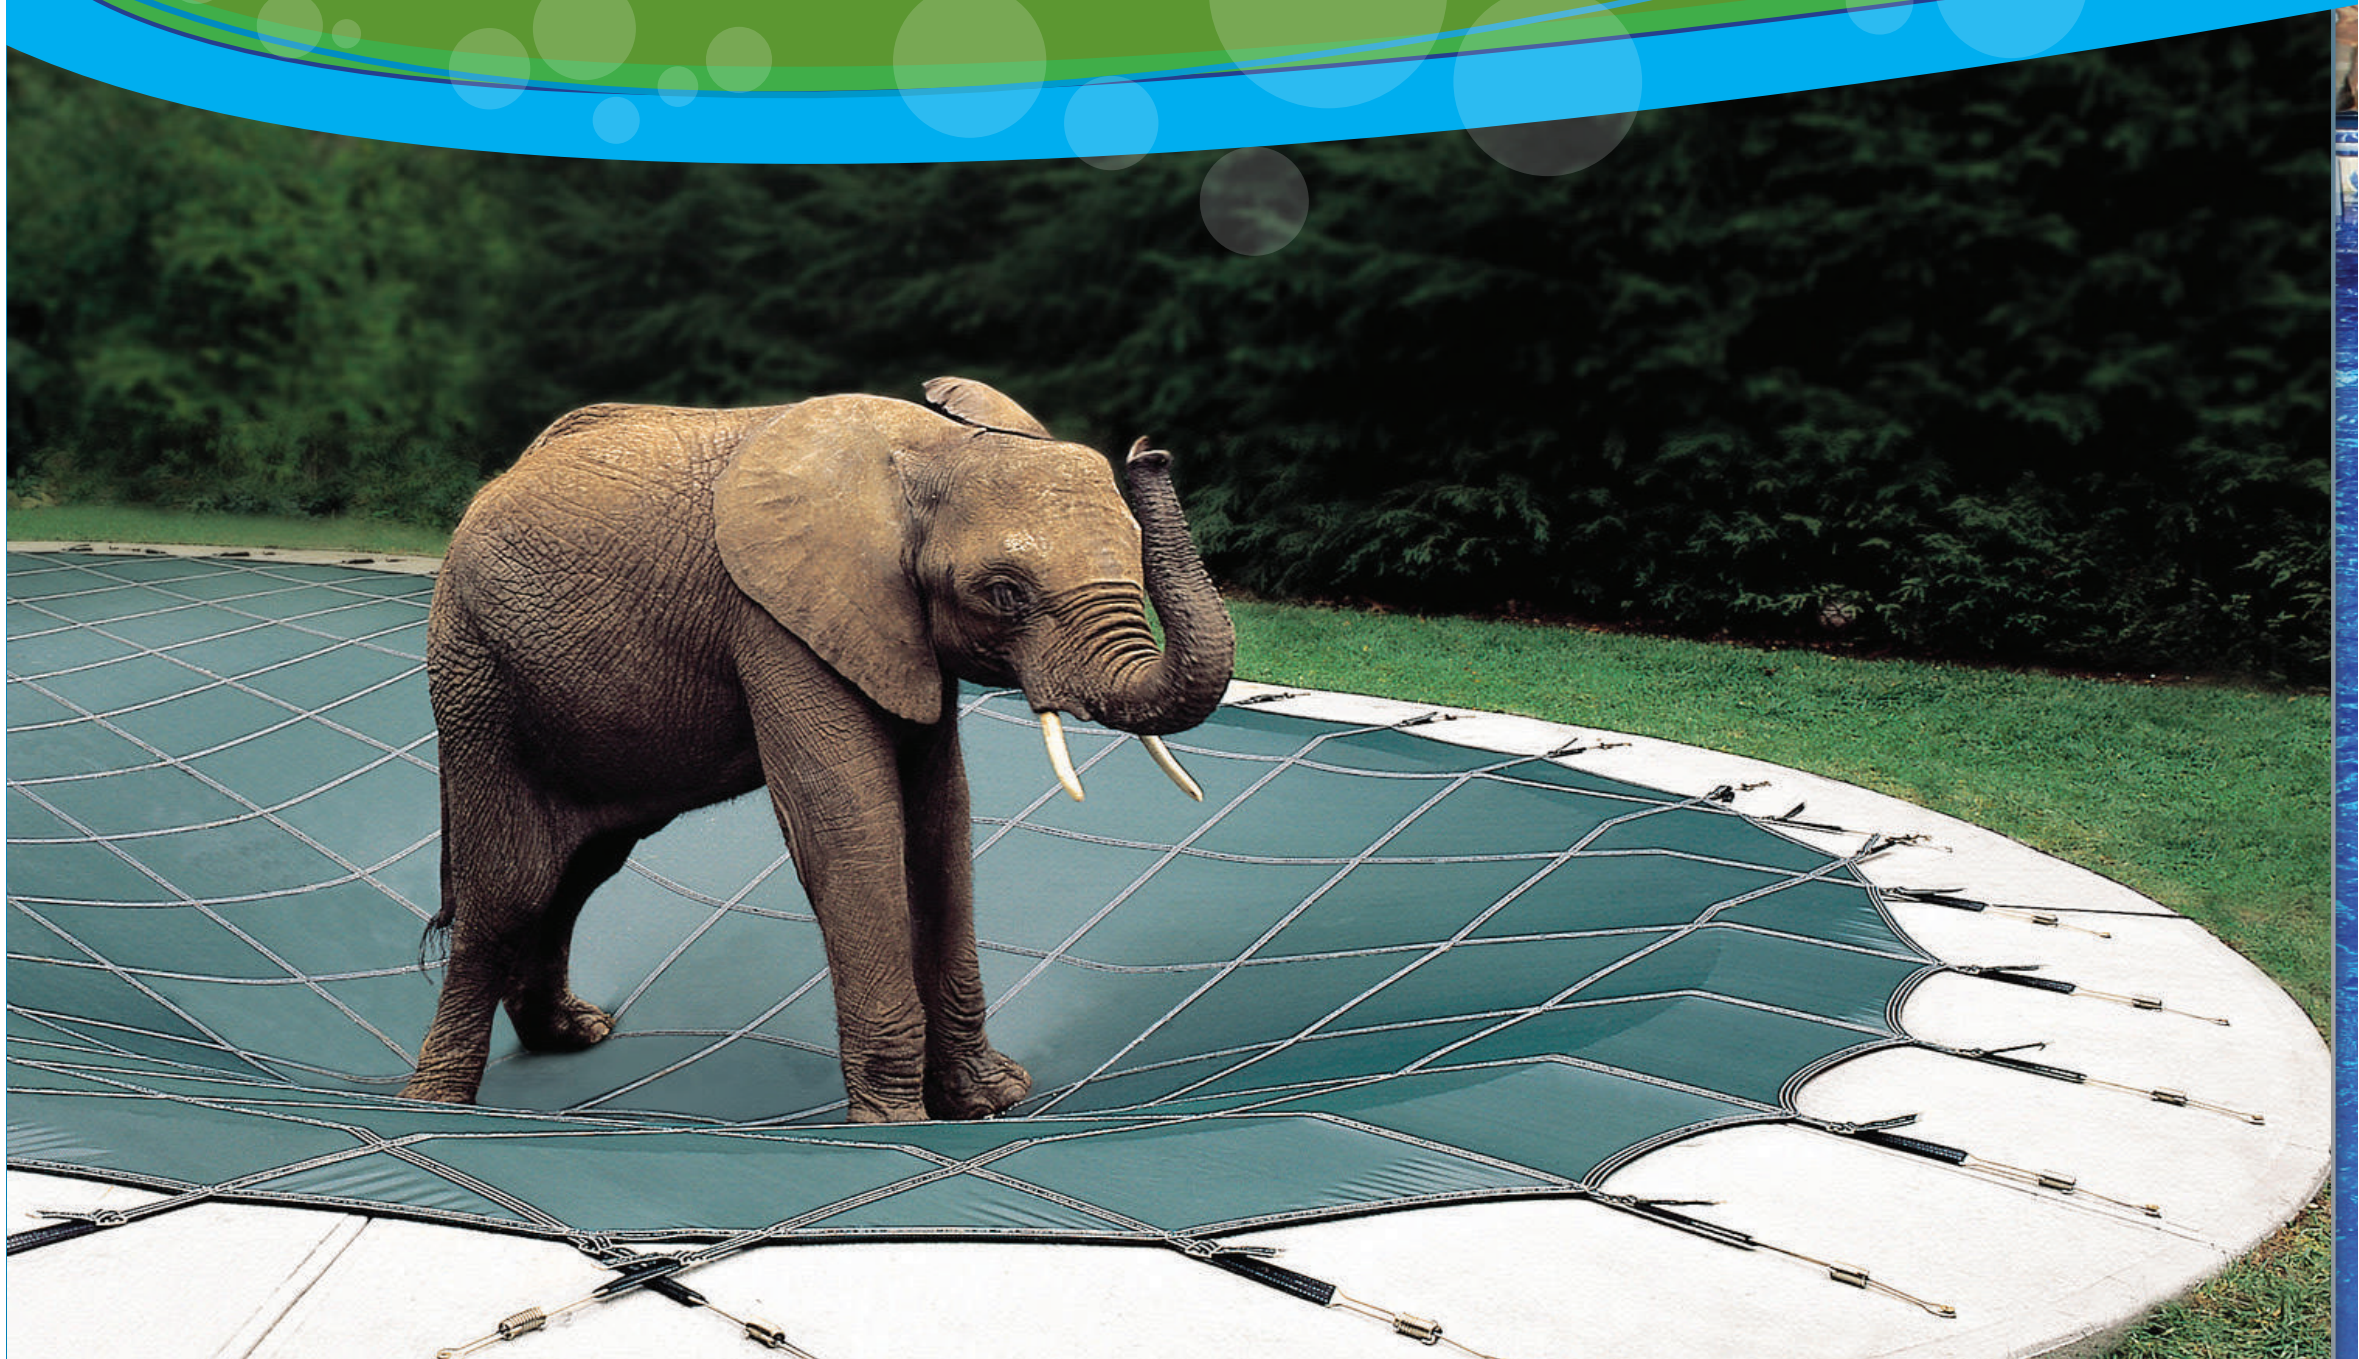

- Easily change, track and monitor history of pH and ORP levels when using the new IntelliChem® Chemical Control System with IntelliTouch or EasyTouch Automation.
- ScreenLogic2 Interface app now allows full color lighting control for both IntelliBrite® LED Pool/Spa/Landscape Lights and MagicStream® Laminars.
- ScreenLogic2 Interface Kits come with a protocol adapter and ScreenLogic2 Interface PC program on CD.

Robotic Cleaners

- NeverStuck™ System
- Rotating Scrubbing Brushes
- Extra Long 50' Floating Cable with Aquabot Swivel to help prevent cable tangling
- Compatible with External Timer*
- Cleans Floor and Cove
- 2 Year Warranty

Solid Safety Covers

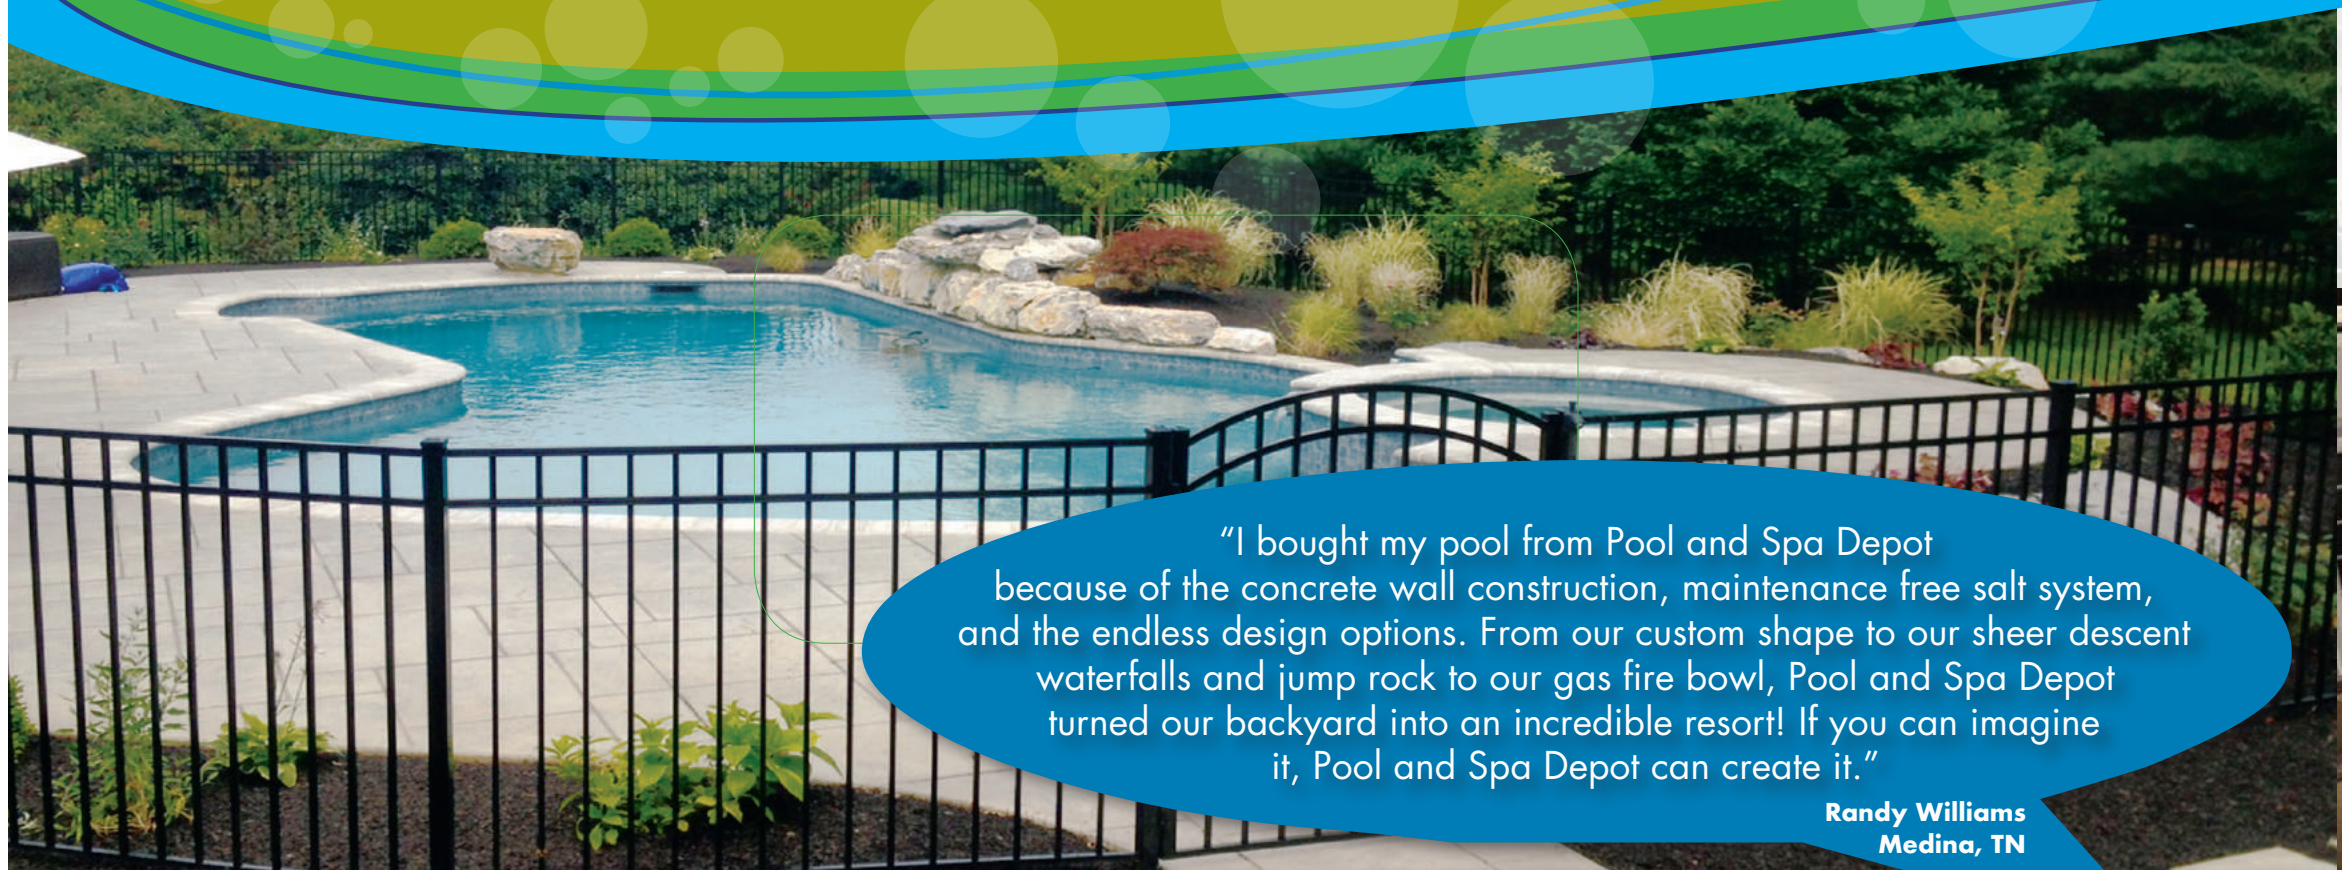

Pool safety covers are an attractive and functional addition to your pool. This protective barrier keeps everything out of your pool pets, children, and more. And when it's time to open in the spring, it's comforting to know that clean water with minimum maintenance is waiting for you and your family.

Automatic Covers

Save lives, time, money and resources with an automatic pool cover from Cover-Pools. With the simple turn of a key, your pool is covered or uncovered in less than a minute. No trash or debris, no unwanted critters, no worry about kids or pets. That will give you peace of mind for your family.

Fence / Grading

"I bought my pool from Pool and Spa Depot because of the concrete wall construction, maintenance free salt system, and the endless design options. From our custom shape to our sheer descent waterfalls and jump rock to our gas fire bowl, Pool and Spa Depot turned our backyard into an incredible resort! If you can imagine it, Pool and Spa Depot can create it."

Randy Williams
Medina, TN

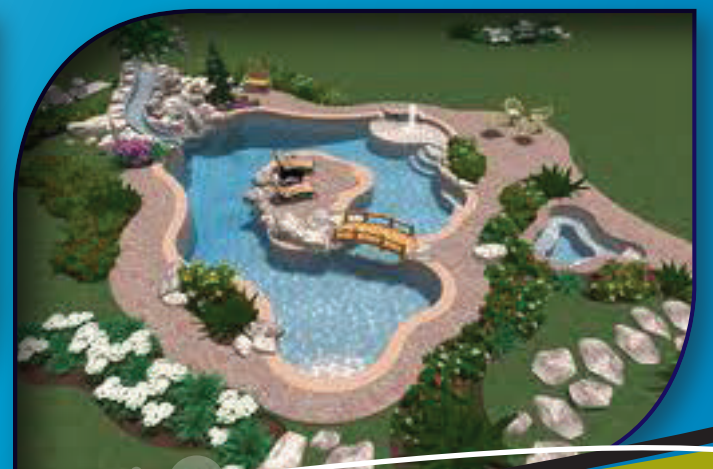

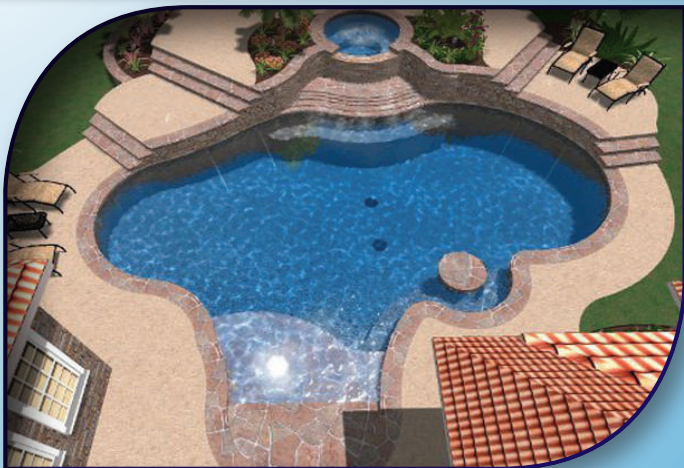

Wide Selection of Fencing Offers Many Options...

At Pool and Spa Depot we will offer you options to suit your personal style, whether you are enclosing your entire backyard or simply keeping your curious little ones safe around your pool. A variety of fencing materials are available from basic safety fencing to decorative wood, iron, aluminum, or vinyl-and your Pool and Spa Depot designer can help you decide what will best fit into your budget and complement your poolscape.

Taking Customization to the Next Level...

At Pool and Spa Depot, we boast the latest in Pool Customizing. Our sales associates are equipped with the ability to create a 3D rendering of what your back yard pool can look like. Imagine peering through your kitchen window to see an idea of what your pool could look like. At Pool and Spa Depot, we offer that exact advantage. Come by and see us for a vision of your future backyard!

Service After the Sale

We Take Pride In Our Work... At Pool and Spa Depot we have a full fleet of service trucks with trained technicians. This is to ensure that you have a trouble-free swimming season.

What services do we provide? Pool openings and closings, safety cover installations, sand filter changes, energy efficiency upgrades, on-site pool and spa training, and salt system installations – just to name a few.

Call the professionals here at Pool and Spa Depot for on-time service you know you can trust!

The Pool and Spa Depot Legacy...

Pool and Spa Depot is so much more than just a pool store. As a family-owned company, Pool and Spa Depot embraces traditional values and always places its customers first. Pool and Spa Depot shops the world to bring you the very best luxury products to make any backyard an at-home resort.

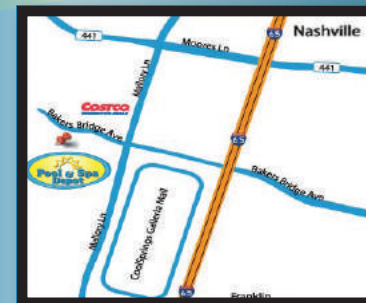

Imagine, if you will... Taking your concept and making it a reality — that's what the professionals at Pool and Spa Depot do every day. For over twenty years we've helped customers make their pool dreams a reality. We work with every customer, every budget, every idea, and every back yard. Our experienced staff will help you design and create the perfect spot for entertainment, relaxation and family fun. When you're ready to make your backyard dreams come true, all you have to do is call **615-315-8000**, or check us out online at PoolandSpaDepot.com.
