## POWERFUL SUCTION. FAST CLEANING. ULTIMATE SIMPLICITY.

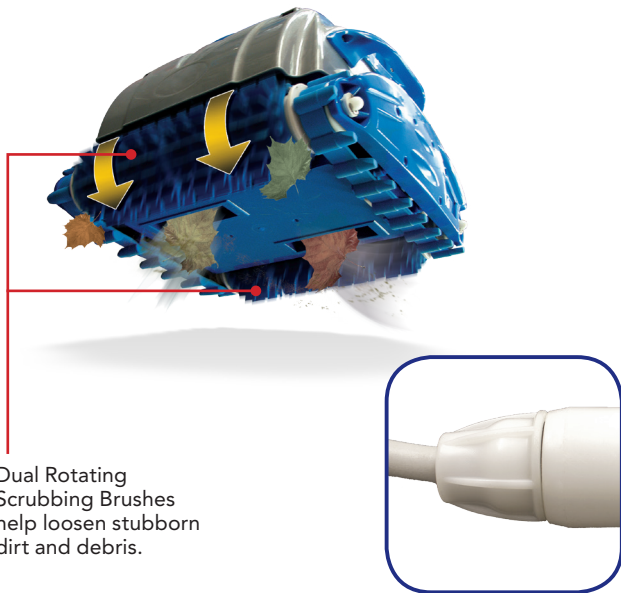

The Millennium XE is designed to clean and scrub residential In-Ground Pools of all sizes and surfaces. The XE moves through the water to automatically brush, vacuum and micro-filter dirt, debris and contaminants from the pool. The focus is on the pool floor and cove where most debris settles.

The XE is equipped with dual PVC scrubbing brushes to help loosen stubborn dirt and debris. The G-Tooth™ drive track design helps protect the cleaner from excessive rubbing against the pool sides.

Additionally, the Millennium XE is also compatible with the use of External Timers! (\*External Timer not included)
