

High-quality
aluminium pool
wall
54"H

100% Resin
structure
Ideal for
salt sanitation
systems and UV
resistant

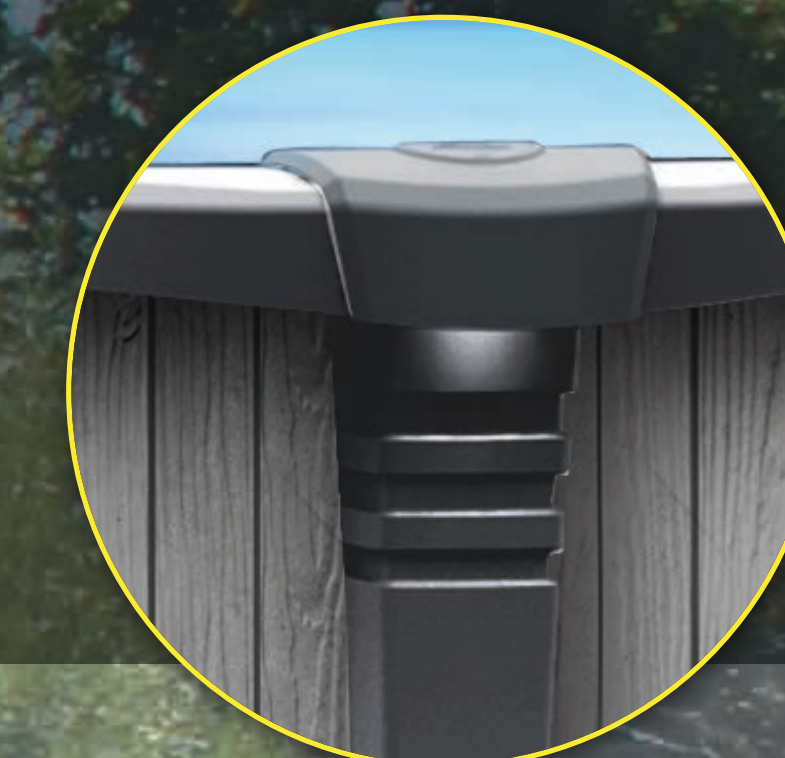

Elevated bottom
rails and base
plate for
superior
sturdiness and
deeper insertion
of wall support

Technologically
advanced stress
analysis software
used to
strategically
optimize the
geometry of parts

Excellent weight
distribution,
reinforced
sturdiness and
ease
of assembly

CAPE COD
