

Hydra Pools Inc.

20 YEAR LIMITED PRO-RATED WARRANTY

Hydra Pools Inc. warrants that this liner will not leak due to a seam separation under normal wear, exposure and usage for a period of twenty (20) years from date of purchase.

Hydra Pools Inc. has no control of the installation or maintenance of the pool once the liner has been installed. It is up to the installer to make sure the liner is being installed in a pool identical to the dimensions given to Hydra Pools Inc for construction of the liner, and that the liner is being dropped in a suitable shell, free of rough spots under the liner, rust, gravel, or any type of abrasive surfaces to which the liner will come in contact. The most suitable type of surface to put under the liner is a very fine grade of pure sand or vermiculite.

If for some reason the liner does not appear to properly fit the pool, the installer should contact Hydra Pools Inc. immediately before attempting to fill the pool with water.

Once the liner has been installed the water should be balanced to the recommended levels immediately! A guide for the correct water balance is outlined on the back of this card. It is up to the homeowner to insure that the water is properly balanced at all times. Our warranty does not cover damage to the liner caused by an improper water balance, which can and will cause severe damage to the liner.

Although it is not a very frequent occurrence, it has been known for some time that ants, termites, and various other insects will sometimes eat holes in a vinyl liner. It might be wise to have an exterminator treat the ground in the area where a new pool is being constructed, or treat the ground in the pool area prior to installing the new liner in the pool.

A liner failure must be reported in writing directly to Hydra Pools Inc within thirty (30) days of the failure. An employee of Hydra Pools Inc who will tell you how the situation is to be handled and the steps to follow, will then contact you.

Hydra Pools Inc reserves the right to repair or replace, at the option of Hydra Pools Inc. any liner appearing to fail or improperly fit the pool. Hydra Pools Inc. also reserves the right to authorize or elect a qualified pool repairman to make the necessary repairs in order for the liner to perform its basic functions.

It is unwise to allow a pool to stand empty. If you experience an alleged defect in your liner, try to photograph or videotape the area in question prior to patching the liner. Quite often this will allow Hydra Pools Inc. to make a determination of warranty prior to having the liner replaced.

This liner has a twenty year limited pro-ration period. If Hydra Pools Inc. confirms a defect in the liner of your claim during the first year, Hydra Pools Inc will either repair at no charge, or replace the liner on a product replacement basis. After the first year has expired, a charge will be made equal to the following schedule based on suggested retail price at the time of replacement:

Within One (1) Year No Charge

After 2 yrs 20%, After 3 yrs 30%, After 4 yrs 40%, After 5 yrs 50%, After 6 yrs 60%, After 7 yrs 70%, From 8-20 yrs 80%.

This Limited Warranty does not cover the cost of removal, or reinstallation of the liner. Additionally, any and all liability for incidental or consequential damages resulting from, or arising out of, the use of the pool liner is expressly disclaimed. Nor does this Limited Warranty cover installation in violation of local building codes. Hydra Pools Inc shall not be liable under this warranty for any cost of or expense related to the drainage or replacing of water or chemicals in the pool.

Any questions regarding the terms and conditions of this warranty may be directed to the Customer Service Department at Hydra Pools Inc. by writing or calling to the address and phone number listed below.

Hydra Pools Inc strives to buy premium grade vinyl. However, since this vinyl is not manufactured or produced by Hydra Pools Inc, any failure due to material defects including, but not limited to fading, discoloration, staining or changes in physical characteristics are not covered under Hydra Pools Inc.'s limited warranty. Any such material defects shall be referred to the manufacturer of such material who is solely responsible to the claim.

Hydra Pools Inc 's liner warranty does not apply to tears, punctures, damage caused by undue abuse, excessive strain, improper installation procedures, improper chemical balance, or acts of God such as ice damage or failure caused by exceptional temperature extremes. If the liner fits poorly, or fails during installation, continued use of the liner without written consent by Hydra Pools Inc voids this warranty. We disclaim any other person. In addition, Hydra Pools Inc will not assume any liability if the pool installation violates local building codes.
