ZenAwakening

2018 Collection

ZenAwakening

Do you ever find yourself tired, stressed-out, and without time to relax and rejuvenate? We get that! All of us get lost in the mix of work meetings, taking the kids to school, and getting ready to do it all over again the next day. That's why we created Zen Awakening massage chairs in 2006. We saw the benefits and importance of taking time for ourselves in a world that is constantly moving.

Rewind back to 2006 when buying a massage chair wasn't as easy, or affordable, as walking into a store and trying multiple models out for yourself. You would find maybe one model on the floor, but it wouldn't cater to people with ailments or injuries. It looked like a spaceship and cost as much as a new car. Zen Awakening realized the opportunity to create products that will better people's health, happiness and comfort right in their own home.

At Zen Awakening, we strive to bring you therapeutic products that will improve your quality of life, while also maintaining affordability and value. We pride ourselves on producing products made for your health and your happiness.

Health Benefits

The benefits of Zen Awakening Massage Chairs are endless, especially when it comes to health and wellness. From insomnia to diabetes, Zen Awakening possesses features designed to improve your health and happiness.

Zen Awakening is proven to help:

- Increase blood circulation
- Reduce aches and pains
- Encourage relaxation to help you sleep
- Reduce stress, helping anxiety and depression
- Athletic recovery
- Lower blood pressure

Zen Awakening Massage Chairs give you a spa quality experience in the comfort of your home and on your own schedule. When we set out to design the ultimate massage chair, we wanted to create an unmatched experience improving the physical and emotional health of those who used it.

The Summit ZA190
